DESCRIPTION OF COVERAGE

MEDICAL BENEFITS

When a covered Injury or Illness results, the Company will pay:

- In Hospital Medical Services.....90%* of covered expenses
- In Hospital Surgical Services.....90%* of covered expenses
- Out of Hospital Medical Expenses.....90%* of covered expenses

*The policy will pay 90% of the first \$20,000 annually for covered medical expenses incurred. Then the policy will pay 100% up to the policy maximum amount as stated in Limits of Coverage.

DEDUCTIBLE: The above medical expenses are excess of an annual deductible paid per Confirmation number. The Confirmation number will remain the same provided there is no lapse of coverage. The deductible amount consists of covered expenses which would otherwise be payable under the policy. These expenses must be borne by the Insured Person.

Illness must be contracted and manifest itself, or Injury must occur, during the Period of Coverage. Benefit period is 26 weeks.

Covered Expenses

For the purpose of this section, only such expenses incurred as the result of and within 26 weeks from a disablement, which are specifically enumerated in the following list of charges, and which are not excluded in the Exclusions Section, shall be considered covered expenses:

- 1. Charges made by a Hospital for room and board, floor nursing and other services, including charges for professional services, except personal services of a non-medical nature; provided, however, that expenses do not exceed the Hospital’s average charge for semi-private room and board accommodation;
- 2. Charges made for diagnosis, treatment and surgery by a Physician;

3. Charges made for the cost and administration of anesthetics;
4. Charges for medication, x-ray services, laboratory tests and services, the use of radium and radioactive isotopes, oxygen, blood transfusions, iron lungs, and medical treatment;

8. Coverage for eligible medical expenses incurred while an insured person is in their Home Country not to exceed \$50,000 or 30 days, whichever is less. Eligible medical expenses are those eligible medical expenses associated with an accident or illness that has occurred during the insured's stay inside their Home Country. Such coverage is subject to the deductibles and co-insurance as stated in the Accident and Sickness Medical Expense Benefit.

Home Country – The country where an Insured Person(s) has her/his true, fixed and permanent home and principal establishment, and to which she/he has the intention of returning.

The charges enumerated above shall in no event include any amount of such charges which are in excess of reasonable and customary charges. A charge incurred by an Insured Person shall be deemed a reasonable and customary charge for the services and supplies for which the charge is made if it is not in excess of the average charge for such services and supplies in the locality where received, considering the nature and severity of the sickness or bodily Injury in connection with which such services and supplies are received. If the charge incurred is in excess of such average charge, such excess amount shall not be recognized as covered expenses.

Treatment of an Injury or Illness must occur during the period of coverage.
